

Overview of the Japanese laser fusion program

C. Yamanaka

(Osaka University)

The status of the Japanese laser fusion program is discussed and project Kongon for aiming the scientific feasibility of inertial confinement fusion by the Gekko (glass laser) and the Lekko (CO₂ laser) systems is presented.

日本激光聚变计划概况

C. Yamanaka

(日本大阪大学)

本文介绍了日本激光聚变计划的概况,以及为达到惯性约束聚变的科学现实性,利用 Gekko(玻璃激光器)和 Lekko (CO₂ 激光器)系统进行的 Kongoh 计划。
