

Laser application activities in China

Wang Daheng

(Director, Optical Society of China)

Development of various types of lasers in China provides capabilities to utilize lasers in various fields of technology with fruitful results. Applications in fields of fine measurement, metrology, material processing, production control as well as for various scientific purposes will be described.

中国的激光应用

王大珩

(中国光学学会理事长)

在中国,各种类型的激光器已用于许多不同的技术领域,并取得了很多的成果。本文介绍了激光在精密测量、计量术、材料加工、生产控制、以及各种科学研究中的应用。
