

HPLSE 2021

The 4th International Symposium on **HIGH POWER LASER SCIENCE AND ENGINEERING**

12-16 April, 2021 Suzhou, China

Co-Chairs

Xian-Tu He

China Academy of
Engineering Physics, China

Dianyuan Fan

Shanghai Institute of Optics
and Fine Mechanics,
CAS, China
Shenzhen University, China

Colin Danson

AWE/CIFS, Physics
Department, Imperial College
London, UK

Plenary Speakers

Patrick Audebert
LULI, France

Michael Campbell
University of Rochester, USA

Colin Danson
AWE/CIFS, Physics Department, Imperial College London, UK

Constantin Haefner
Fraunhofer Institute for Laser Technology ILT, Germany

Xian-Tu He
CAEP, China

Ryosuke Kodama
Osaka University, Japan

Peter Norreys
University of Oxford, UK

Hideaki Takabe
Institute of Radiation Physics, Helmholtz Zentrum Dresden Rossendorf, Germany

Justin Wark
University of Oxford, UK

Jie Zhang
Institute of Physics, CAS, China

More will join us!

The 4th International Symposium on High Power Laser Science and Engineering (HPLSE2021) is organized by Shanghai Institute of Optics and Fine Mechanics (SIOM), Chinese Academy of Sciences (CAS), and will be held on April 12-16, 2021 in Suzhou, China.

HPLSE is held every two years, and aims at bringing together worldwide scientists and engineers working on the topics of high energy density physics, high power laser, high power laser related components, and advanced laser technologies and applications.

We warmly welcome you to come and join us to share your great progress and experience!

Topics

1. High energy density physics
2. High power laser systems
3. Laser components for high power laser
4. Advanced laser technologies and applications

Important Deadlines

31 Jan., 2021 Abstract Submission

26 Feb., 2021 Abstract Acceptance Notification

31 Mar., 2021 Early-Bird Registration
